DA'S POLICE STUDY HERE HELD IN CAUCUS

THE TOWN RECORD

By MONTE DAYTON

Look for a new member of the newspaper profession in about 20 years.

The young journalist, although he hasn't expressed any enthusiasm for the profession yet, is GREGORY ALAN DAYTON, (Monday, 8:29 p.m., St. Luke's.) (I'd get shot if I spelled the name wrong.)

The reason I think he'll wind up in the profession is that at the precocious age of one day he never seemed to run out of things to say . . . and loud, too.

He made a good impression on the scales, registering a husky 8 pounds, 2 ounces.

The Mrs. (PAT) is in fine fettle, and will be home today (I hope).

The kitchen sink is currently taking the place of the cupboard, but it's about reaching capacity.

The story has it that a man fell through the top of one of Daly City's old reservoirs in the Crocker Hills.

They're all getting pretty rickety, we hear.

GEORGE GLASS, Hilltop market proprietor, had this story told on him:

His SF house is so mammoth that one day he lost one of his children in the building and it took him a half hour to locate the youngster.

Who's boss?

Fire Captain MEL HANSON has a hoseman working under him during the day . . . at night this same hoseman serves as a captain with the Volunteer Firemen, and Hanson works under him.

JOE SARTO, sponsor of youth sports teams, has got a monopoly on winning these days.

His Daly City Midgits won the Midget division, Sarto No. 1 squad tied for first in the Little League, while Sarto No. 2 was one game out in second place in that circuit.

Meanwhile, Joe's older age group team, Sarto A.C., continues to register nothing but wins practically every weekend.

Local M.D.s have urged persons to use ALL drugs with caution. It was reported last week, in a somewhat misleading manner, that paraldehyde is not a fatal poison, but just makes one sleepy and sick. The fact is, many drugs, not labelled toxic, can cause death if not used under the manner directed.

Just a warning: To keep that DOA tag off your toe.

Write New Chapter In Perils Of Paula

The perils of pretty Paula continued this week as 23-year-old call girl Shirley Jean Grimes, 23, of 974 Ellington street, San Francisco, was arrested on a vagrancy charge Wednesday in the Crocker hills just outside Daly City.

Known more familiarly as "Paula Winters," the girl, in an interesting expose last spring charged, among other things, that a Broadmoor police officer had raped her.

When picked up near here this week, she was in the company of two men who have a record of arrest for use of narcotics. One of them, Louis V. Gonzales, 28, of 546 Railroad avenue, South San Francisco, had just been released from the San Francisco county jail three days previous after serving a sentence for using narcotics.

Third member of the rendezvous was Isadore Laran, 29, who lives at the same address with Gonzales.

Driving On Crocker
When county sheriff's officers Joe Kimble and Italo Ferrari first noticed the car while driving down Crocker avenue, Laran and Paula were parked in the vehicle on a dirt road about two blocks away.

Paula Winters was released from the county jail Wednesday on \$100 cash bail, supplied by Joseph Lo Presti, believed to be the man with whom Paula declares herself to be "madly in love."

After being picked up Wednesday with two known narcotics addicts, she denied that the tryst had any romantic meaning. "This is the way it is," she declared. "I am madly in love with a man in San Francisco. I am going to marry him. I hope this episode won't jeopardize my love affair."

She will appear in court Wednesday to be arraigned on the vagrancy charge.

After giving the couple a warning to move on, Kimble suddenly recalled that Laran was a narcotics addict and returned to the scene.

RECORD 1400 WILL TREK TO JEFF HIGH

The Jefferson High School district's plea for passage of a \$1,600,000 bond issued to construct Westmoor High school will be given support Monday morning at 8:26 a.m. when an estimated 1400 students will converge on the present school plant at 6996 Mission street, Daly City.

The predicted enrollment will be 250 more than the number of students attending the school last year.

Even last year, school authorities were hard pressed to find classroom space for the 1250 scholars, and this year the problem will prove more acute, according to Superintendent Stanford Hannah.

Ten new teachers will be among the faculty of 60 handling the bumper crop of students.

Parochial Schools Also Facing Full Houses At Opening

While an army of more than 500 students were preparing to return to public schools Monday, some 800 parochial school youngsters started trekking to classes Tuesday at two local parishes.

Our Lady of Perpetual Help church, 60 Wellington avenue, was filled to capacity with 450 students. Because of the heavy registration, a situation that has existed there for the past four years, many students were turned down.

Holy Angels school, 107 San Pedro road, Colma, greeted a parallel quagmire Tuesday as 350 pupils turned out. Some were turned down at Holy Angels also.

DISMISS AMOROSO CHARGES

Youth In Custody Of SF On Checks

Charges against Clarence Amoroso, former 18-year-old Jeff High student picked up here August 22 for alleged possession of narcotics, was dismissed by Municipal Judge Thomas L. Bocci Tuesday.

Bocci had to dismiss the case after deputy district attorney Al Rouse made a request to set the preliminary hearing over to a later date.

Since a defendant must, under the courts, receive a fair and speedy trial, Bocci's judgment was that the boy could not be held any longer.

Rouse, who was taking the place of deputy district attorney Brooks Lee, now vacationing, reportedly was informed prior to Tuesday's hearing that a continuance would be granted.

One source said that there were not sufficient witnesses present to testify against Amoroso, although Inspector Dave Johnstone and officer Bruno Conci, Daly City police who made the arrest, were present.

It Bocci had denied the plea for dismissal, one of two courses would have to be taken: Preliminary hearing would have been held at that time, or Amoroso's attorney, who was present, could have called for dismissal on the grounds that his client deserved a speedy trial.

Amoroso, after dismissal, was released to custody of San Francisco police, where he was being charged with passing fictitious checks on six different counts.

The two youths who were picked up along with Amoroso on the narcotics count, Jimmy Acevez, 20, and James Lorenzana, 17, waived preliminary hearing Tuesday and were held to answer to Superior court.

Slightly Confused Bus Customer Waits In The Wrong Place

Edward Sima, unemployed, was a little confused as to what is a bus depot Wednesday morning when police found him asleep in the home of Mr. and Mrs. J. F. Voboril, 3 Muirwood drive, who were away on vacation.

Answering a call from a neighbor, who saw lights in the house, Patrolmen Philip La Bruzzo and Bob Crocker entered the house and found Sima asleep on the bed. When asked what he was doing there, he told police that he was waiting for a bus.

According to the police report the house was entered through the rear door. The door window was broken and window moulding removed.

Sima was charged with unlawful entry and entering premises without permission.

Infant Care Not New To Daly City Police Officers

No amateur in the field of child care, two Daly City cops kept peace in the neighborhood of the H. E. Marston home, 301 San Diego avenue, early Friday morning.

The Marston's two-month-old baby girl began voicing her complaints loudly at 2 a.m., after the usual bottle of milk wasn't forthcoming.

Details went as follows: Marston had just returned home from his late shift at a shipyard, dropped and broke the only baby bottle in the house while preparing the child's formula.

Taking off on foot in search of a late-hours drug store, he encountered . . . (Continued on Page 2)

THE SIGN SAYS enter Room 23, where councilmen held caucus Wednesday night with district attorney Keith Sorenson, but these two men couldn't take the words literally. Police commissioner Ed Whitney (left) and chairman of that body, Tony Ricci, appeared at the meeting, held to discuss Daly City's police department and activities at the Hilltop Lodge, but were not invited to sit in on the session. Photo here shows commissioners

COUNCIL HAS LITTLE COMMENT

District Attorney Keith Sorenson sat in a four-hour closed-door session with the city council Wednesday night supposedly to report on alleged narcotics activities at the Hilltop Lodge and Councilman Sanford Vickers request for dismissal of the police chief.

Out of the marathon session came this capsule statement from the council:

"We have heard from the district attorney at our request concerning the Hilltop Lodge. We have requested our city attorney for an opinion as to what legal steps can be taken to alleviate the matter."

The session opened in the council chambers, before a scattering of reporters and interested citizens.

The press had been invited earlier and it was generally believed the meeting was to be open.

Sorenson said that if he was to discuss any of his methods of narcotic investigation, he thought the meeting should be closed to the public.

The council went along with him, and the police probe moved to the city administrator's private office.

Two members of the police commission, Tony Ricci, chairman, and Ed Whitney, were not invited in.

Both appeared bewildered by this action, since the commission, as Ricci put it, "Should be entitled to know what's going on in the police department if it's important to call in the district attorney."

Discuss Personalities
It is believed that during the four-hour study, "some personalities were discussed, a source said, indicating that Chief Roland Petrocchi's name was probably used throughout the evening.

Some observers say that it was Vickers request for Petrocchi's dismissal last week that actually prompted the meeting.

Following appearance of a story to that effect in THE RECORD, the district attorney's office became interested in the local situation, it is rumored.

Vickers had said, "The fact that other law enforcement agencies were forced to move in to clean up the Hilltop Lodge is a disgrace to Daly City."

He was referring to the August 22 arrest of three youths allegedly possessing narcotics.

PD Worked With DA
Mayor Joseph Verducci claimed that "the local department worked in conjunction with outside forces on the case."

While a general aura of mystery surrounded the whole session, councilmen say that all the facts taken up Wednesday will be reported . . . (Continued on Page 2)

SALES REPORTED GOOD FOR LIONS DANCE BOOKLET

Seventy-five per cent of the Daly City-Colma Lions club members have already subscribed for space in the annual dance souvenir program, chairman Ray Charette announced Wednesday at the luncheon meeting.

The dance will be held October 16 at the community center, from 9 a.m. to 1 p.m. Del Courtney and his ten-piece band will provide the music and a vocalist will be on hand.

Tickets are now on sale at \$1 per person. Prizes of a \$100 war bond and four Sunbeam deep fryers will be awarded. The winner need not be present on the \$100 prize.

The Lions agreed this week to hire union bartenders to staff the bar. Ray Savage heads the refreshments committee.

Committee members working on the sale of space in the souvenir booklet to local merchants are Joseph Belli Jr., Roy Arneson, Charles Hildebrand, Nate Temkin and Mel Battye.

LABOR DAY IS B-DAY FOR DAYTON'S

A confused reporter was running around The Record office this week, passing out cigars, hand shakes, and almost himself to celebrate the arrival of an 8 pound, 2 ounce baby boy.

Named Gregory Alan Dayton, he was born on Monday, September 6 (Labor Day), to Monte and Fatti Dayton. Time of arrival: 8:29 at St. Luke's Hospital.

They found the trio, with Gonzales driving, coming down the road in the car. Officers said they believed Gonzales had been hiding nearby when they first checked the car.

Both men were held on the vagrancy charge.

Gonzales was also charged with driving an automobile without an operator's license.

Well-Known Here

The Grimes girl, well-known in Daly City under various names, was an admitted narcotics addict. Following her grand jury appearance, which led to raids and arrests, including that of Mabel Malotte, alleged call-house madam now facing charges, she spent six weeks in a sanitarium for a "Cure."

When picked up Wednesday, she had needle marks on both arms, deputies said. According to Paula, the marks were made by injections received from a dentist. No narcotics were found in the car or on the girl, but an eyedropper of the type used by narcotics addicts was uncovered.

No Fashion Plate

Paula's "evening" attire Wednesday contrasted with the lavish wardrobe shown last spring in photos of her published in a San Francisco metropolitan newspaper.

"Bop, Pachuco"

She had on a dark slacks-suit and for further adornment, she had the words "Bop" tattooed on each arm and "Pachuco" written on each ankle.

Among her many charges before the grand jury in April, Paula said at least two police officers tried to cut in on her prostitution revenue. She also said that an alleged madam was "paying off \$3000 a month" to operate in San Francisco.

Paula told San Francisco inspector Frank Ahern's "Super Squad" that one peninsula law enforcement officer had smoked marijuana with her and procured a prostitution customer for her. Another, allegedly a Broadmoor officer, she said had criminally attacked her. The last charge was repudiated by authorities who investigated the claim.

vealed at a more appropriate date. "We may even hold another such meeting," one councilman said.

The district attorney was mum. Asked prior to the meeting if the session was being held to discuss the activities of Daly City police as concerned with the Hilltop Lodge arrests, Sorenson said, "I've been asked here to confer with the council, that is all I can tell you. I believe a meeting of this type should be closed to the public."

Petrocchi, probably the central figure in the whole ruckus, did not comment on the Wednesday meeting.

countered police sergeant Deane Wood.

Wood, a past master of such dilemmas, used his patrol car to contact officer John Coleman, who was patrolling another area.

Coleman, himself a father of a two-month old child, was obviously sympathetic to Marston's plight. He reported home, picked up a bottle and nipple, dispatched them to the Marston home, where tranquility was restored as liquid chow was delivered to the infant.

STATE CHAMBERS BACK TRAFFIC SAFETY CRUSADE

California's Junior Chambers of Commerce, at their State Board Meeting in Sacramento, voted to make the California Safety Council's Traffic Safety Crusade their outstanding project of the year. Raymond F. Leheney, president of the council, announced today.

In adopting this Crusade, aimed at reducing California's traffic death rate by at least 20 per cent, the Junior Chambers promised to have each member obtain at least 100 Pledges, total State Memberships in the organization is placed at 10,000, thus their support of the Traffic Safety Crusade will result in more than a million signed Safety Pledges.

The Safety Pledge, the spearhead of the Crusade, is a promise by the motorist to familiarize himself with the traffic laws, keep his vehicle in safe driving condition and drive courteously.

According to Leheney, failure to observe one or more of these points is the principal cause of 90 per cent of all traffic accidents.

Ken Ullis, President of the Van Nuys Junior Chamber of Commerce was elected State Chairman to direct Junior Chamber activities in the Safety Crusade.

WHAT TAXPAYERS GROUP HAS TO SAY

(Ed. note: The California Taxpayers association, an organization which states its objectives as being a group dedicated to the protection and edification of the tax-paying public, this week released the following article outlining their stand on five of the 20 propositions on the November 2 ballot. While publication of this article does not necessarily constitute an endorsement of their policies, we feel that the Daly City public is undoubtedly interested in what this organization has to say.)

"Recommendation by California Taxpayers' association on five of the twenty propositions on the November 2 ballot were announced today by Earle V. Grover, of Los Angeles, prominent industrialist and president of the state-wide organization.

"Defeat of Prop. 4, the McLain initiative on old aid, and approval of Prop. 3, liquor administration; Prop. 5 continuation of exemption of vessels; Prop. 6, salaries of legislators; and Prop. 20, county freeholders, were recommended.

"Discussing background for the Taxpayers' recommendations, Grover said:

"Prop. 3, liquor administration, proposes to set up a department of alcoholic beverage control to handle the licensing and administration of liquor. This is now handled, along with tax administration, by the state board of equalization. The association approves this proposed improvement in organizational set-up.

"Prop. 4, the McLain initiative on aged aid, is an extremely dangerous proposal to freeze into the state constitution aid to the aged of at least \$100 a month. It is a costly and unwarranted expansion of the generous program of aid to the needy aged already provided under state law. It will make about \$74,000,000 of added taxes mandatory. It should be defeated.

"Prop. 5, exemption of freight and passenger vessels of more than 50 tons burden, proposes to continue a constitutional provision first enacted in 1914. Under it, such vessels registered in California are exempted from local taxation. The exemption is similar to that granted by Oregon and Washington. Unless it is continued, jobs of thousands of Californians are jeopardized. It should be approved.

"Prop. 6, salaries of legislators, proposes to increase the pay of state assemblymen and senators from the present \$300 to \$500 a month. It merits approval.

"Prop. No. 20, county freeholders, proposes first that county freeholders be nominated in substantially the same manner as nominees for county offices, and second that the time such a board has to develop a county charter be increased from the present 120 days to six months. It should be approved.

"Other measures on the November 2 state-wide ballots, on which the Taxpayers' association has made no recommendation include:

Prop. 1, Veterans Loan Bonds—\$175,000,000 state bonds for veterans loans.

Prop. 2, School Loan Bonds—\$100,000,000 State bonds for loans and grants to school districts.

Prop. 7, Torrens Title Act—permits legislative change in the present act.

Prop. 8, Exemptions—Vessels (100 tons)—exempts from taxation commercial vessels of over 100 tons burden.

Prop. 9, Exemptions—Churches—extends present exemption for churches under construction to land and equipment.

Prop. 10, Terms of Office—proposes longer terms of office for state legislators and a limit on the number of terms a Governor may serve.

Prop. 11, Exemptions—Veterans—Exempts from taxation homes of certain disabled veterans up to \$5,000, in lieu of present \$1,000 exemption.

Prop. 12, "Right to Vote"—permits person to vote who has paid penalty imposed by law for conviction of an infamous crime.

Prop. 13, Charter for Vernon—special provisions for charter for city of Vernon.

Prop. 14, Exemptions—Colleges—Extends exemption for college buildings under construction to land on which building is being constructed.

Prop. 15, Exemptions—Nonprofit Hospitals—Extends nonprofit religious and charitable exemption to buildings being constructed, and equipment and land.

Prop. 16, Use of Water—Requires agreement by any government agency acquiring interest in real property to conform to California laws regarding use of water.

Prop. 17, Use of Gas Taxes—authorizes use of money received from highway user taxes for planning and constructing facilities for vehicle parking.

Prop. 18, Rights of Foreigners—Eliminates restrictions on rights of certain foreigners to hold property other than real estate in California.

Prop. 19, Qualifications of Judges—Relates to qualifications of judges or justices of the peace to serve as municipal or superior court judges.

Pointing out that September 9 is the last day for registration in order to vote on November 2, Grover urged all citizens to become familiar with the twenty proposals which—in addition to candidates—will be on the state-wide ballot.

My Mad World

By Leonore Brewer

For about a month we've been telling ourselves every week that this is the week we're going to take a vacation from the column, but then something or other happens and so we put it off for another week. The three day weekend that just passed would have been the ideal time, if it weren't for the fact that next week is Community Concert Week, and since we have been so busy working on it, we wouldn't have rested anyway.

To date more than a hundred civic-minded local residents have volunteered their time to secure members for this worthwhile project which will bring good music within the reach of all. Their names and telephone numbers are listed elsewhere in the paper and if you are interested in becoming a member, a telephone call to anyone on that list will be appreciated and given immediate attention.

To further aid this drive, the Westlake Fashion Shop at 321 South Mayfair has generously given space in their shop for the headquarters of the association during the week starting Monday, September 13. The telephone number is PLaza 5-1352, and there will be someone on duty during the day and until eight in the evening to answer questions and, we hope, accept your membership.

Thanks to the generous cooperation of the RECORD and the WESTLAKE TIMES there has been a lot printed about these concerts during the past few months, but at the risk of sounding repetitious we are going to re-emphasize a couple of points that have arisen many times while we have talked about Community Concerts with prospective volunteer workers or members.

If the drive for memberships goes over, there will be a minimum of three concerts. Considering the number of people in this area and the national average for those interested in good music, there should be no difficulty in making this drive a success, but how great a success it is, is up to you. The more of you there are who are interested in bringing fine music to our community, the more concerts we will have.

Under the Community Concert plan the artists are not decided upon until Saturday, September 18, after the drive has ended and we know how much we have to spend. This seems to be a point that bothers a lot of prospective members who are afraid that maybe they won't like the type of artist chosen. Frankly, there are some types of music and some artists that we don't like, but for an investment of \$6.00 for three concerts, or four or even five, we don't see how anybody can go wrong.

After-School Jobs Don't Effect Vet Payment, Says VA

Veterans planning to go to school this fall under the Korean GI Bill were told by the Veterans Administration today that the money they earn in after-school jobs will have no effect on the GI allowances paid them by the Government.

Their monthly GI allowance checks will remain the same regardless of outside earnings, VA said. In fact, these earnings need not even be reported to VA.

VA explained that some veterans have been confusing the new Korean GI Bill with the original World War II GI Bill which did have an income "ceiling" that applied to veterans taking all types of training—in school, on-the-job and on-the-farm.

The Korean II Bill does have a "ceiling," but for on-the-job trainees only. It does not apply to veterans in the classroom.

Even this job training "ceiling" imposes no limit on how much a veteran may earn.

Instead, when a veteran's on-the-job training wages, plus his GI allowance, exceed \$310 a month, VA scales down the allowance accordingly, to bring the total within the \$310 limit.

Starting allowance rates for Korean GI job trainees are \$70 a month, with no dependents; \$85 with one, and \$105 with more than one dependent. Under the law, these rates are reduced at four-month intervals, as training progresses and veterans' earning abilities increase.

The rates for veterans in school full time are \$110 with no dependents; \$135 with one dependent, and \$160 with more than one dependent.

President Jack Kendree, whom we missed last week's meeting, will preside again. In Rotary, one of the greatest responsibilities is community service.

Are you a heel at the wheel?

The Me-First-er is the selfish competitive character who must be first away from the traffic light, can't stand to have anyone pass him, and risks the life of anyone who gets in his way.

The Big I-This is the fellow who is too big for the rules. Others can obey the law and a code of decent and courteous behavior, but not this self-inflated big shot. He's above all that.

The Know It All-This driver is good, in his own estimation. He knows just what the other driver is going to do, just how fast he can stop, just how much room he needs to cut in on another car. But the only way this overconfident jerk escapes painful disillusionment is that the really good drivers give him a wide berth.

The Swashbuckler-This fellow thinks he expresses his masculinity by something by living dangerously behind the wheel. He believes that he who hesitates is lost, and that his luck will hold forever.

The Sorehead-This fellow is just plain hostile. He drives with a chip on his shoulder and is ready to lock fenders for any real or imagined wrong. He's smart, every- one, and very brave while surrounded by a steel automobile with the windows rolled up.

The Show-Off-This is the exhibi-

tionist. He's graduated from no hands on a bike to no sense at the wheel. He just wants people to admire his flashy performance, but most other drivers are too busy getting out of his way.

Take a good look at yourself in one of these mirrors. See Anything?

...to enjoy the best in music...and you can through your **COMMUNITY CONCERT ASSOCIATION MEMBERSHIP CAMPAIGN -- SEPTEMBER 13-18.**

ARTISTIC OBJECTIVES, like everything else, must be based upon the hard facts of sound financial planning. No objective can be realized in the face of the risk of deficit. The Community Concert Plan removes all risk of deficit to any group, individual, or association by the following procedure:

Community Concerts conducts an annual one-week membership campaign during which every citizen is invited to join for the benefit of all.

Each member pays annual dues for a membership which entitles him to attend all of the concerts given by the Association each season. This creates an audience in advance and establishes funds in the bank which are then allocated to the concerts of the Association's choice.

At the close of the campaign week no more memberships are offered, and no one can join the Association for another year. Only members of the Association can attend the concerts, and no tickets to single performances are sold. This enables the Association to book concerts within the limits of the funds established during the campaign week, and makes it unnecessary for anyone to assume financial risk.

Community Concerts is a non profit and no loss plan. Every dollar of membership dues paid to the Association is spent for artists and attractions, and the local expenses of presenting them in concert.

A large number of concerts presented during a given season costs each member no more than a small number; it is necessary only to secure more members in the Association to expand the concert series.

The artists and attractions appearing in concert are selected by a local committee at the close of the membership campaign, and the choice of this committee democratically represents the desires of all the members.

It is the Community Concert Plan which has made the finest concerts available to a thousand communities in North America. The Community Concert series is made possible by the voluntary efforts of the association officers and workers who contribute their time and effort to maintain a Carnegie Hall in your town.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

Well here we are at the end of the second week of September and for about five hundred of the young fry of our town school bells have rung. This many of our little headaches now are in the custody of the Sisters who seem to have the ability to handle them and not seem to be bothered at all. Wish I could say the same. Next Monday the bells ring for all of them and those who had an extra week will join their sisters and brothers in the long trek to the various schools. One word to all motorists: PLEASE remember that little children do NOT watch the corners the way they should. IT IS UP TO YOU. Better to be a minute late to work than to have a lifetime of regret.

Boulder Creek seems the place to go nowadays. Among those seen there over the three-day holiday were GERALD and JIM JASTRUMSKE who had a grand time at the old swimming hole where they met lots of their friends.

Among those who packed up the family and took off for the three days were MR. and MRS. GEORGE BOWEN of Theta avenue. Of course the youngsters were with them while they enjoyed themselves in Marin county. They are now back at home to the good old Daly City weather.

MR. and MRS. DONALD HILL decided to spend their holidays in Stockton visiting with Mr. Hill's folks. Little ANTHONY HILL was left with his maternal grandmother, MRS. EDNA CRUZ of Mission street and you can take it from me that she was the one who had the best time of all.

Items of Interest

The Daly City Beauty Shop was dark and deserted for three days. MR. and MRS. LYNNE BOSKEY and daughter SHARON deserted the pin curls and took off to Bethel Island to visit with MR. and MRS. FREN HIGGINS who happens to be the mother of Mrs. Boskey. While there they enjoyed a nice rest, some fishing, and good weather. Lynne is now ready to tackle any and all who need their hair fixed.

Among those who are getting ready to continue on with their education at college is JOHN MADDEN, son of MR. and MRS. EARL MADDEN of Knowles avenue. Johnnie who will be remembered as a top athlete at Jeff, is entering San Mateo Junior College for a year in preparation for further studies at Stanford University. Good luck Johnnie, one of all the folks on your future career.

One meets many people in the course of the years in business. One also gets to know one's customers very well and looks forward to seeing them time after time. One of LYNN's favorites will come to her no more. MRS. ELSIE KASZMARK of Willis street passed away last week and her passing left a void not only in the lives of her family but in those of her many friends. The sympathies of all the folks are extended at this time to her family.

There are many fishermen among the menfolk of our town. Many of them journey far and wide to try and catch the elusive fish. The place to go for bait when one crosses they bay to Bethel Island is Tommy's Bait Shop. Why there? Well, folks, that is the place where you will meet your ex-neighbor and friend MR. BUD HANLEY, formerly of Woodrow street. He drives the school bus during the week and works in the bait shop on weekends where he has met many of his friends and former neighbors on more than one occasion. Bud's wife, IDA, is very well known to all of us having been active for a great number of years in many organizations of our town. Daughter PEG remembered by many at Jeff is now married and has one grand little youngster and the Bell System informs me that another is due before too long. Just news of former neighbors whom we all liked and still miss.

SERVICEMEN

Leaving us next week for long awaited overseas duty with the U. S. Navy will be SEAMAN WILLIAM A. BECHER JR. He has been assigned to a ship, the U.S.S. Union AKA 106. This is what Bill has waited for these many months. He will be gone for a period of two years as his home port will be Pearl Harbor. Anyone wishing to write him can do so by addressing their letters to the above, plus the usual C/o Fleet Post Office, San Francisco, California. One is al-

way saddened when the boys go but when one goes that you have known since he wore his first sailor suit at the age of eighteen months, it is really something. Bon Voyage, Bill, and may all your seas be calm ones until you return.

Another of the fellows who grew up in jeans and pegs has left us. PVT. PAUL GALLIANO of the U. S. Army recently stationed at Fort Ord has taken a ship in the footsteps of so many other boys. His destination is Korea. He is a motor mechanic in charge of keeping the trucks from the smallest jeep to the largest two and one half ton truck in top shape. He is just the boy to do it. Best of luck is wished Paul and he'll all be waiting to hear from him.

How youngsters do grow up! Just a short while ago he was my paper boy and now he comes to say goodbye to me after a fifteen day furlough. PVT. BILL JONES is another of the boys who is returning to Camp Pendleton for further training with the U. S. Marines. He looks fine and is most certainly a credit to the branch of the service he chose to serve with.

Seen in Boulder Creek the past weekend was STAFF SGT. PAUL A. MITCHELL. Paul is still sweating out the remaining two and one half months at the Presidio in San Francisco before he is eligible for those important papers that make him a civilian again. He had his fiancée, MISS BARBARA GORE of San Francisco with him. Won't be long until he changes the uniform of Uncle Sam for the one of marriage.

Heard from Sgt. SYL CRUZ JR. of Biggs Air Force Base this week. He is getting things lined up in advance. He plans to have his fifteen day furlough home with his folks over Christmas and New Years. Don't laugh! They'll be here before we know it.

NEWS AND VIEWS

A very beautiful Christening was held last week at St. Michael's Church. The young man was JAMES BYRON EAGEN, son of MR. and MRS. JAMES EAGEN of Winston Manor who formerly were among your neighbors and mine. The Godfather was MR. BILL WAYDE and the Godmother was MRS. DORIS EAGEN's aunt. The reception which was attended by over fifty people was held at the Eagen home. Little Jimmy was welcomed by all the members of his family and ever so many friends who all brought beautiful gifts which for some reason he seemed to ignore in favor of his bottle. Delicious refreshments were served which were enjoyed by all his family and friends who will tell him all about it someday when he gets older.

How active can a baby not yet a year old get? This should answer the question. Little BOBBY MILLER of Los Banos avenue, who will be a year old the middle of this month, really tops them all. First he gets a can of fly spray and drinks it and has a rush trip to the hospital for stomach pumping, then he finds a mouse trap which is most interesting so he pokes his finger into that and to top it off he is caught just as he picks up a bottle of ant poison. Guess the moral of this is—WHY MOTHERS GET GREY. Take it easy Shirley, you haven't seen anything yet.

Heard more news of my little friend GINGER WALTON who is still in Community hospital. She has had the skin grafted successfully on her inner arms and stomach and is now waiting to gain more strength for more of the same. She is still in a private room and still under opiates so we know she is not feeling her best as yet. Her one complaint is that she won't be able to start to school. She is still getting cards from some of the neighbors but not as many as before and she does look forward each day to the mail. Have you a card around the house waiting to send?

This is a vacation? MR. and MRS. AL BALDOCCI like all of us planned on their two weeks which were to be spent in Big Basin. Everything was ready and away they went. They picked out their camp and retired for the night planning on so much for the next day. What happened? RAIN. They were really rained out but good. They came home, got more dry bedding and clothing and tried it again. What happened? More rain.

Co. No. 1 Fireladies Auxiliary met at the home of MRS. HELEN

SPECHT of Guadalupe avenue Wednesday. As is usual when this bunch gets together the business part of the evening was over and done with in a hurry in favor of the refreshments and fun that came afterwards.

After being rained out of Richardson's Grove State Park on part of their vacation MR. and MRS. WILLIAM BRUSH and family of Niantic avenue decided to try Armstrong's Grove State Park which is one the Russian river. There they had better luck. While there they were visited by MR. and MRS. ART ALVISO and the ALLEN BRUSHES and family. They are now at home where Bill joins the rest of the men folks in working and Dot is catching up on what has happened while she was gone.

A great welcome was extended last week to one of the nicest of neighbors. MRS. MARGARET STEELE has returned home from her travels. She has much to tell all of us but the main thing is that she is back and, oh, how glad we are to see her. Welcome home, MRS. STEELE, from all your folks.

Here is a date to keep in mind. The O.L.P.H. Annual Club sponsored by the MEN'S PLIC of the Parish will be held this year on Sept. 19th at the RODGER REYNOLDS PARK. There will be free ice cream, coffee and door prizes. There will be fun for all in the form of dancing, bingo and games for all from six to sixty. How does one get there? Just go down the El Camino to five points and the Signs with O.L.P.H. plus arrows will show you the rest of the way which is just 2.01 miles south of Redwood City. More on this next week but in the meantime circle the 19th on your calendar for a good time.

Well, friends, this is it for another week. By this time next week all the little gremlins and the big ones too will be back in school and life will again resume its routine. There will be more news of interest to all and all you have to do is phone PL 5-6482 and I'll be most happy to hear from you. Until next week then, 'Bye now.

CITY TO INFORCE "UNSIGHTLY SIGN" LOCAL ORDINANCE

A warning against "for sale" and "open for inspection" signs in Daly City was issued this week by the Multiple Listing Service. The action came as a result of a letter to the company from City Attorney Frank Blum who warned that a Daly City ordinance prohibiting such signs will be strictly enforced.

"The city intends to prosecute violators of the city ordinance and the state law regarding nuisance, as said signs are impeding both pedestrian and automobile traffic," read Blum's letter.

Originally, the "unsightly sign" condition was brought to the attention of the local city council by Councilman Del Wilson. The council referred the matter to Blum.

TODAY'S Meditation

Chelupper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Mark 6:1-13
So, as much as in me is, I am ready to preach the gospel to you also that are in Rome. (Romans 1:15, A.S.V.)
Although there were already Christians in Rome, the Apostle Paul wanted to go there. He had something to give everywhere because he belonged to Christ. Since Christ had come into the world Paul wanted to keep going into the world.
"To be a Christian is to be a missionary"—this was the theme of a youth camp in South India. The Christian young people there were saying something to themselves and not merely framing a catch phrase for the headlines of a program. Because they realized the universal obligation that is in the Gospel of Christ, they were to be missionaries. During the camp,

when the call was made for missionary work in and beyond their own state, fifteen young men and women responded.
Christ's mission for the Church always has new beginnings. It begins with anyone, wherever he may be, who realizes what it means to be a Christian.
Prayer
Eternal Father, whose love has called us to Thyself, enable us new in grateful obedience to know how Thy love in Christ sends us into the world. Give each of us this longing and desire that all men may know the glory and power of Thy coming in Jesus Thy Son. In His name we pray. Amen.
Thought For The Day
"To be a Christian is to be a missionary."

DC Firemen Rescue Two Boys Stranded Above Sheer Cliff

Two 12-year-old boys, stranded in a crevice above a sheer 100-foot drop near the Coast highway here, were saved from possible disaster Friday afternoon by local firemen.
Philip Keller, 982 Holly street, and Dave Meredith, 983 Holly street, both of San Carlos, found themselves in the predicament while taking a hike towards the beach with Joe Meredith, Dave's 10-year-old brother.

The trio were climbing and sliding down the cliff between Skyline boulevard and the Coast highway when the two 12-year-olds, who were in front of the younger boy, discovered that they could neither go forward or back

when portions of rock and earth on which they were standing broke away.
Joe, who luckily was far enough behind the others to avoid being stranded with them, rushed back to tell Philip's mother of the occurrence.
Mrs. Keller, who was visiting friends in Westlake and asked the firemen.

Speeding a pumper truck to the scene on the Coast highway, Captain Mel Hanson and firemen Wayne Alexander and John Castagnola found that an aerial truck would be needed.

The two frightened youngsters were warned to sit still and not to move, while the men returned for the other truck.

Upon returning, the 65-foot ladder was raised to its full height. Firemen, after climbing the ladder, were forced to scale the extra 35 feet to reach the boys. Alex-

ander, reaching a point of comparative safety above the boys, threw a rope and instructed one of the pair to tie it about his waist. The fireman then lowered the boy to the top of the ladder where he was helped down to the highway where his worried mother waited.

The same procedure followed for the other boy.

The rescue, from the point at which Mrs. Keller notified the department, took exactly 20 minutes.

Firemen felt rewarded for their efforts, when one of the boys, upon thanking the three local men, exclaimed, "Gee, fellows, I'm awful sorry for all the trouble we caused you."

"That's okay," was the reply. "You were mighty lucky kids."

"Woman's place is in the home—usually right next to the telephone."—H. C. Hutchenson.

ROUTINE CHECK UNCOVERS CAR STOLEN IN WESTLAKE

Investigation of a sheared telephone pole and fallen guide wire resulted in the recovery of a stolen car in Westlake Monday afternoon.

Sgt. Dean Woods was checking a report that a pole was sheared off at the base near Lake Merced boulevard at the Alemany intersection.

On arriving there, he found a car in a ditch just off the boulevard.

The vehicle was registered to Robert E. Scott, 233 Bel Mar avenue. Wood notified Scott, who said he thought the car was still parked in front of his home.

The police sergeant said evidently the car thieves sheared the pole and knocked down the guide wire as they drove the vehicle into the ditch to dispose of it.

Rockets Still Not Official Champions

PROTEST ROBS LOCAL CLUB OF CROWN; INJURIES CANCEL SATURDAY'S PLAYOFF

The Westlake Rockets are having one heck of a time staking their claim to the San Mateo County Junior League championship. After winning the crown Saturday, August 28, by taking their second straight game over the Belmont Blues, south county champs, the Rockets thought they were returning home with the championship.

Twenty four hours later they found out different.

The protest was allowed in Belmont's favor, giving each team a win.

So they set last Saturday as the date to replay the rubber game deciding the league winner.

Hopes Doused

A wrenched back, a bad case of sunburn and Leveroni's ineligibility, doused any hope the Westlakers had to get things settled Saturday.

With Mike Wedlake, second sacker, out with a bad back, Jim Wilson, right fielder, indisposed with sunburn, and Leveroni unable to compete, the Rockets couldn't field a team Saturday.

So now a fourth game has been scheduled for a championship series that was actually over won two weeks ago by the Westlake nine.

Saturday Again

What is hoped will be the final and decisive contest in the series has been again re-scheduled to tomorrow (Saturday) at 10:30 a.m., on the Flood Park diamond in Menlo Park.

The protest that stole the championship from the local nine was lodged by Cranston last week the day after the Westlakers had wrapped up the title.

The Blues manager uncovered the technicality that Leveroni was 15 years old on May 7, 1954. According to league rules a player must not be 15 before June 1.

In winning the contested game, Leveroni tossed a two-hitter at Belmont, putting them down, 2-1. A week earlier this same pitcher had humiliated the Blues gang, 16-1, and held them to one measly hit.

Cranston, however, failed to protest that game.

Leveroni went undefeated in the regular season, winning 10 games. In doing so, he registered 112 strikeouts.

Could Protest All

But if Belmont really wants to get technical, all his wins can be protested on the grounds Leveroni was ineligible throughout the entire season because he was three weeks too ancient. Chances for this are remote though, according to local recreation workers.

Belmont, in capturing the southern county division of the Junior League, won five games. Three of these were won via the protest route.

Westlake went undefeated, with only the technical loss marring their record.

Pitching for the Westlakers tomorrow in Leveroni's forced absence will be Paul Tapia, a two-game winner for the Rockets.

Wedlake and Wilson are expected to be recuperated in time for the fray.

Are Farmers Worse Drivers Than City Folk?

Are farmers worse drivers than city folks?

Nobody's sure yet. But "Accident Facts," the National Safety Council's statistical yearbook, just off the press, says farmers appear to be involved in fatal accidents more frequently than other drivers.

Complete and detailed information is not available, but reports from 16 states show that 14 per cent of all drivers involved in fatal accidents in 1953 were farmers and farm laborers.

About one farmer in 1,000 was involved in a fatal motor vehicle accident last year, while for all other drivers the rate was about one in 1,500. For all other male drivers the rate was about one in 1,200.

These comparisons relate accidents to the number of drivers only and do not include the amount of driving done by farmers and others.

MAY REVIVE FISTIC HEYDAY

The days of early 1900 when Daly City and Colma served as the Bay Area pugilistic counterpart of Madison Square garden may be revived.

Our Lady of Perpetual Help Men's club revealed today that they are in the process of arranging a monthly amateur fight card at the Daly City community center.

According to Chairman Dick Liberty, club president, and Walter Gillies, co-chairman and local recreation commissioner, the state athletic commission has been approached and have voiced no objection to the fight program.

Liberty said his group hoped to start the monthly bouts in October. The local recreation commission still must be contacted, he explained.

The Men's club proxy said that golden glove tournaments and other amateur bouts would make up the fistic card.

If the monthly presentations are arranged, it will mark the revival of Daly City-Colma stature in the world of pugilism that vanished nearly two decades ago.

Highlighting the golden era of boxing here was the Stanley Ketchel-Jack Johnson bout of October 16, 1909, at the Colma arena.

Ketchel, holder of the middle-weight diadem, was unable to find suitable opponents, so a match was arranged with big, bruising Johnson, a heavyweight. It took Johnson 12 rounds to dispose of the lighter Ketchel.

MARRIAGES UP IN COUNTY FOR MONTH OF AUGUST

Marriages took a big jump in San Mateo county during August, the county recorder Ruth Kirste reported today.

Last month 157 weddings took place, as compared with 132 for August, 1953.

Number of papers handled in the county office for August also made a sharp increase, with 7575 being processed last month, 5937 for the same month last year.

Fees collected last month were \$18,116.06, more than \$5000 over the \$13,083.90 realized in August, 1953.

Good Prospects For Split Dove Season

Prospects for the 1954 dove season, which began Wednesday, Sept. 1, should be as good or better than last year, according to reports reaching the Department of Fish and Game.

Dove hunters are operating in a split season this year for the first time, with the first part from Sept. 1 through Sept. 20, and the second half from Oct. 12 through Oct. 31 inclusive.

On the first opening day, Sept. 1, legal shooting hours were from noon to sunset—and they will be the same on Oct. 12. On all other days of the split season the legal hours will be from one-half hour before sunrise to sunset.

Bag and possession limit for doves is 10, either singly or in the aggregate of both mourning doves or white winged doves. The latter may be taken legally only in Imperial and Riverside counties.

These regulations were adopted at the Aug. 20 meeting of the Fish and Game Commission meeting in San Diego.

Reports of excellent dove hunting prospects have been received from Imperial and Palo Verde Valleys in southern California, where dove populations are the highest in years. The north Sacramento Valley outlook appears better than in 1953.

Elsewhere in the state dove populations are reported holding their own in nearly every section.

This year the Department of Fish and Game hopes to obtain important data on the season's shoot through return to the Department, 926 J street, Sacramento.

that he hoped to go before the legislature with a program acceptable to both sportsmen and commercial fishing interests.

Assemblyman Glen Coolidge of Santa Cruz county, newly appointed chairman of the assembly interim committee on fish and game, said that he hoped members of his committee could be present at future discussions on the subject.

Shooting Dates Set

Legal shooting dates for hand-tailed pigeons have been set by the Fish and Game Commission as Oct. 1 through Oct. 31, inclusive, in the counties of Del Norte, Siskiyou, Modoc, Lassen, Shasta, Humboldt, Trinity and Tehama.

For the rest of the state the dates are Dec. 1 through Dec. 31, inclusive. Bag and possession limit will be six pigeons, and shooting hours will be from one-half hour before sunrise to sunset.

Coastal Deer Kill Up 20% This Year

At the halfway point of the coastal deer season, the kill shows a 20 per cent increase over the 1953 season, according to tag returns to the Department of Fish and Game.

Only four of the 28 counties in the area have failed to show an increase in returns thus far, and several have had increases of nearly 100 per cent.

Mendocino county still is leading with 2,014 deer kills reported, 38 less than last year at this time. Others with heavy returns are: (1954 figures first) Lake, 1,266 and 1,144; Monterey, 1,181 and 888; Sonoma, 920 and 777; San Benito, 798 and 639; San Luis Obispo, 779 and 649; Santa Clara, 747 and 537; Napa, 688 and 572; Los Angeles, 569 and 301.

Total tag returns to date are 12,618 as compared to 10,464 at the same stage of the season in 1953.

Indications to date show that in most areas there has been about the same hunting pressure as in 1953 and more deer taken.

Approve Policy Of Advance Registration

SAN DIEGO — A policy of advance registration of hunters by lottery for state-controlled waterfowl management areas has been approved by the State Fish and Game Commission at its August meeting here.

Only a few minor changes were made in the plan as recommended by the Department of Fish and Game.

These included a continuation of the free hunting policy on the Madeline Plains and Honey Lake Waterfowl Management areas in Lassen county, and the addition of Columbus Day to the list of holidays on which all waterfowl management areas will be open to shooting.

Deletion of the fee from the Lassen county areas was granted as a temporary measure at the request of sportsmen from Lassen, Modoc and Plumas counties.

Advance registrations still may be made at these two areas, but no charge will be made. As the case with all other management areas, except the Napa Marshes and Grizzly Island, vacancies other than by registrations will be filled on a first come, first served basis.

The Napa Marshes area, on land owned by Leslie Salt Company, will be handled on a \$3 seasonal permit basis, with no limit to the number of applications.

Other areas for public shooting under state control are the Gray Lodge Refuge near Gridley, Maxwell and Grace Brothers cooperative areas near Maxwell, Sutter, Colusa and Merced National Refuges, Grizzly Island Management Area near Fairfield, San Luis Wasteway, near Los Banos, Imperial Management Area on the Salton Sea, and the Imperial Refuge near Brawley.

DC Youth Pleads Guilty To Assault On Broadmoor Boys

A 19-year-old Daly City youth, George Petroni, 588 Evergreen avenue, has pled guilty to charges of assaulting two Broadmoor Boy Scouts on August 16.

Petroni appeared in municipal court Tuesday before Judge Thomas L. Bocci and admitted to counts of assault and battery and disturbing the peace.

Bocci sentenced the youth to 20 days in the county jail on each count, which was suspended after Petroni paid a fine of \$50.

The youth was also placed on six months probation.

The incident leading to the charges occurred when two Broadmoor boys were returning home from a Scout meeting.

The youngsters, Robert Roller, 12, 767 Thornhill drive, and John Coulter, 14, 759 Thornhill drive, were approached by Petroni. He demanded that the youths give him a dime, and when they refused he began striking them, according to police reports.

Petroni earlier claimed that he hit the boys after they threw rocks at him.

In other action in municipal court Tuesday, Benjamin F. Reed of 2336 Castro street, San Francisco, pled guilty to charges of driving while intoxicated and was fined \$150.

Reed was arrested on August 28 by officer Jim Sunderland.

ALL DOGS OVER 5 WEEKS REPORT TO BROADMOOR

The Broadmoor police department today sent out an all points bulletin for dogs over the age of five weeks.

Saturday a deputy from the county sheriff's office will be at the Broadmoor station, 338 88th street, from 9 a.m. to 12 noon to issue dog licenses.

Ray Savage, Broadmoor chief, said the dogs don't necessarily have to appear in person, but explained the owners should show up to register their canines.

Fee is \$2 for male dogs, \$3 for females.

Savage estimated that there were 1000 dog owners in the Broadmoor police district. "We urge all owners to take care of the licenses because penalty for harboring a dog without a license will be more severe in the future," he warned.

Persons who fail to register their animal this Saturday in Broadmoor, must deal directly with the county offices in Redwood City to obtain a license.
